

7/12/17

To whom it may concern,

Our building was broken into. We had a security issue and we needed to replace our existing doors. Door Systems replaced our old doors with a very nice looking Syntegra doors. Door Systems price point was great, they responded very promptly, and their installation was very clean and quick.

Our building is now very secure and our new Syntegra doors work great. I highly recommend Door Systems to any building owner.

Sincerely,

Tina Castro, Manager
